ABOUT ME

Results-driven Software Engineer with over six years of experience in designing and developing dynamic web and cloud-based applications. I hold a Master's degree in Bioinformatics from the University of Skövde, Sweden, and a Bachelor's in Computer Science from Pakistan.

Proficient in a wide range of modern technologies and frameworks, I bring a solid track record of delivering scalable, high-quality solutions in both collaborative and independent environments. I thrive in fast-paced settings and adapt quickly to new tools and challenges.

WORK EXPERIENCE

Leica Geosystems part of Hexagon

City: Stockholm | Country: Sweden

[27/06/2022 – Current]

Software Developer

- Leading the development of new features and improving existing ones in a web-based software suite.
- Driving the unification of multiple standalone tools into a single, cohesive platform for improved usability and scalability.
- Supporting the implementation of **ISO standards and best practices** to ensure software quality, compliance, and strong documentation.
- Working across the stack using **AWS, Django, Django REST Framework, FastAPI, Vue.js**, and **MySQL**.
- Implementing and maintaining **CI/CD pipelines** using **Jenkins** and **Docker** to streamline development and deployment workflows.
- Collaborating closely with cross-functional teams to deliver high-performance, maintainable solutions.

Gourmet Foods Pvt. LTD Pakistan

[09/11/2020 – 24/02/2022]

Software Developer

- Developed and maintained website features, including enhancements to existing functionality.
- Handled on-site system deployments and provided technical support directly to clients.
- Integrated web applications with external systems and ensured smooth end-to-end communication.
- Deployed updates and new releases to production servers, ensuring stability and performance.
- Worked with technologies such as **Python, PHP, Laravel, Frappe, Lumen, Angular, Git**, and **AWS**.

QuickBills MD Pvt. LTD Pakistan

[28/02/2018 – 08/11/2020]

Web Developer

- Developed new website features and enhanced existing functionality to improve performance and user experience.
- Integrated web applications with third-party systems to extend platform capabilities.
- Deployed updates to production servers, ensuring smooth and reliable releases.
- Utilized technologies including **PHP, Laravel, Angular, Git**, and **AWS**.

EDUCATION AND TRAINING

[17/01/2022 – 17/01/2025]

Master of Science in Bioinformatics (MBI)

University of Skövde

City: Skövde | **Country:** Sweden |

[17/09/2013 – 17/12/2017]

Bachelor of Science in Computer Science (BSCS)

Bahauddin Zakariya University

City: Multan | **Country:** Pakistan |

SKILLS

Programming Languages

Python | Vue.js (2 &3) | PHP | JavaScript | SQL

Web Frameworks

Django | Fast-API | Laravel | Lumen

Cloud

AWS | Digital Ocean

Databases

MySQL | PostgreSQL

Devops

Docker | Jenkins

Tools

Git | POSTMAN

PROFILE SUMMARY

Key Points

- Over 6 years of experience in the analysis, design, and development of dynamic web applications.
- **AWS Certified Solutions Architect** with a strong foundation in cloud-based architecture and deployment.
- Proficient in **Python, Vue.js, Django, PHP, Laravel, WordPress, JavaScript, and Web APIs.**
- Skilled in using **Git, Docker, and Jenkins** for version control, containerization, and CI/CD automation.
- Experienced in agile project environments, collaborating closely with cross-functional teams to deliver high-quality solutions.
